### **I FUND**

### **LIFECYCLE FUNDS**

Lifecycle, or L Funds, consist of five prepackaged portfolios with professionally determined asset allocation among the G, F, C, S and I funds. The L funds are professionally managed to meet your retirement needs. Assets are rebalanced daily, maintaining your portfolio mix. Assets are reallocated quarterly (redistributed among the available funds), creating a more conservative (less risk) mix with age. When a fund reaches maturity (reaches the year it is named for), it rolls to the next more conservative fund and a new fund is added.
